

Curriculum vitae

Florian Winau

Education:

1977-1983 Primary School, Berlin
1983-1990 Grammar School, Lilienthal-Gymnasium, Berlin-Lichterfelde
06/1990 Abitur

University:

10/1990 Studies in Musicology at Free University (FU) of Berlin
04/1991 Studies in Medicine at FU Berlin
04/1993 Studies in Philosophy at FU Berlin
09/1993 Preliminary Medical Examination (Physikum) at FU Berlin
07/1994 First State Examination in Medicine
10/1994 Change to Humboldt University of Berlin
04/1995 Tutor at the Institute of Physiology of the Faculty of Medicine of University Hospital Benjamin Franklin, Berlin
10/1995 Studies at the University René Descartes of Paris
04/1996 Stagiaire in the Department of Infectiology, Institut Pasteur, Paris
02/1998 Second State Examination in Medicine
04/1998 Practical Year in Medicine:
1. Trimester: Internal Medicine (Robert-Rössle-Clinics)
2. Trimester: Psychiatry (Charité)
12/1998 3. Trimester of Practical Year:
Surgery at King's College, University of London
06/1999 Third State Examination in Medicine

Graduation:

03/1997 Beginning of Thesis on T-lymphocytes in Tumour Immunology in the group Molecular Immunology and Gene Therapy of Prof. Thomas Blankenstein at the Max-Delbrück-Centre for Molecular Medicine in Berlin-Buch
03/2001 Thesis "Tumour-specific cytotoxic T-lymphocytes" supervised by Prof. Thomas Blankenstein at Max-Delbrück-Centre, Berlin-Buch

Professional Positions:

12/1999 Junior House Officer with Prof. Bertram Wiedenmann, Internal Medicine, Charité Campus Virchow-Clinics and research at the Max-Planck-Institute for Infection Biology, Department of Immunology of Prof. Stefan Kaufmann

07/2001 Postdoctoral Fellow with Prof. Stefan Kaufmann, Department of Immunology, Max-Planck-Institute for Infection Biology

09/2004 Selected candidate for the Junior Group position of the infection and immunity programme at the GSF, Munich, Germany

11/2005 Selected candidate for the Junior Professorship for Cellular Immunology at the University of Goettingen, Germany

01/2008 New Position as Principal Investigator at the Immune Disease Institute and Assistant Professor at Harvard Medical School, Boston

Teaching:

04/2006 Immunology Lectures, Seminars and Practical Courses in the Master Program Molecular Medicine, Charité University Berlin

Funding:

SFB 421 "Protective and Pathological Consequences of Antigen Processing" of the German Science Foundation (DFG) including Project A4 "Invariant NKT cells and iGb3 in infection and immunity" (Kaufmann / Winau)
