

Curriculum vitae
Carl F. Nathan, M. D.

Education, Employment and Academic Positions

- 1963 – 1967 Harvard College, B. A. *summa cum laude*
concentration: East Asian history
- 1967 – 1972 Harvard Medical School, M. D. *magna cum laude*
concentration: immunology
- 1972 – 1973 Medical Intern, Massachusetts General Hospital
- 1973 – 1974 Medical Resident, Massachusetts General Hospital
- 1974 – 1976 Clinical Associate, National Cancer Institute, Immunology Branch
- 1976 – 1977 Fellow in Medical Oncology, Yale-New Haven Hospital
- 1977 – 1983 Assistant Professor, Laboratory of Cellular Physiology and Immunology,
The Rockefeller University
- 1983 – 1985 Associate Professor, The Rockefeller University
- 1985 – 1986 Adjunct Professor, Cornell University Medical College
- 1985 – Attending Physician, The Rockefeller University Hospital
- 1986 – 1989 Visiting Physician, The Rockefeller University Hospital
- 1986 – Adjunct Professor, The Rockefeller University
- 1986 – 1998 Stanton Griffis Distinguished Professor of Medicine,
Cornell University Medical College
Member, Graduate Program in Immunology and Graduate Program in Cell
Biology & Genetics, Cornell University Graduate School of Medical Sciences
- 1995 – 1998 Professor of Cell Biology, Cornell University Medical College
- 1998 – R. A. Rees Pritchett Professor of Microbiology
Professor of Microbiology and Immunology
Professor of Medicine
Chairman, Department of Microbiology and Immunology, Weill Medical
College of Cornell University
Senior Scientist (Adjunct), Hospital for Special Surgery
Co-Chairman, Graduate Program in Immunology (renamed in 2004,
Graduate Program in Immunology and Microbial Pathogenesis),
Weill Graduate School of Medical Sciences of Cornell University
- 2000 – Member, Graduate Program in Molecular Biology,
Weill Graduate School of Medical Sciences of Cornell University

Board Certification

- 1975 Internal medicine
- 1977 Medical oncology

Licensure

New York State

Honors and Awards

Harvard National Scholar, 1963-68

Phi Beta Kappa, 1966

Medical Scientist Fellow of the Life Insurance Medical Research Fund, 1969-71

Alpha Omega Alpha, 1972

Scholar of the Leukemia Society of America, 1977-82

Research Career Awardee of the Irma T. Hirschl Trust, 1980-84

Scholar of the Rita Allen Foundation, 1984-86

Maria T. Bonazinga Award, Society for Leukocyte Biology, 1997

Altmeier Lecturer, Surgical Infection Society, 1998

NIH Director's Seminar, 1998

National Academy of Sciences, Institute of Medicine, 1998-

Boxer Lecturer, Rutgers, 1999

Cannon Eley Lecturer, Harvard Medical School, 2000

Honorary Fellow, Cornell University Weill Medical College Alumni Association, 2000

Teaching Excellence Award (1999-2000), Graduate Program in Immunology, Weill Graduate School of Medical Sciences of Cornell Univ. (awarded by students)

14th most-cited author of scientific publications in the 1990's (Institute for Scientific Information).

Fellow, American Academy of Microbiology, 2002-

Plenary lecturer, Japanese Society of Microbiology (special meeting for 150th anniversary of the birth of S. Kitasato), 2003

Visiting Lilly Scholar of 2003, Lilly Research Laboratories

Ellison Medical Foundation Senior Scholar in Global Infectious Diseases, 2003-2007

University Lecturer, University of Texas Southwestern Medical Center, 2004

Grenvik Lecturer, University of Pittsburgh School of Medicine, 2006

Irma T. Hirschl Foundation/ Honors Program/John M. Lewis Memorial Lecturer, NYU School of Medicine, 2006

Innovator in Medicine Lecturer and Awardee, Millennium Pharmaceuticals, Inc., 2006

Norman Heatley Lecturer, Oxford University, 2006

Dean's Distinguished Lecturer, University of Colorado School of Medicine, 2007

Senior Vice Chancellor's Laureate Lecturer, University of Pittsburgh School of Medicine, 2007

Willison Lecturer, University of Michigan School of Medicine, 2008

Cleveland Clinic/Lerner Research Institute, Research Day Keynote Speaker, 2008

Stanford University, Frontiers in Biology speaker, 2009

Excellence in Teaching Award, Weill Cornell Medical College, 2009

Robert Koch Prize, Robert-Koch Stiftung, for “groundbreaking work which led to the elucidation of the mechanisms underlying antibacterial host defence notably against tuberculosis,” 2009

Societies

American Association of Immunologists, 1976-
American College of Physicians, 1979- 2002
Reticuloendothelial Society/Society of Leukocyte Biology, 1982-
American Society for Clinical Investigation, 1983-
American Association of Physicians, 1988-
Peripatetic Club, 1989-
American Clinical and Climatological Association, 1989-1996
Interurban Club, 1991-
American Society for Biochemistry and Molecular Biology, 1995-
American Society for Microbiology, 1997-
Academy of Cancer Immunology, 1998-
National Academy of Sciences, Institute of Medicine, 1998-
Kunkel Society, 2001-
Fellow, American Academy of Microbiology, 2002-
